

# Hansen Fire & Safety

INNOVATIVE PRODUCTS FOR FIRE & SAFETY

## "EXTINGUISHER-AIDE"

### Portable Fire Extinguisher Carrying Bag

- Fits 2.5 gallon pressurized water, 2.5 gallon hand pumps, 20 lb. ABC and 20 lb. CO2 extinguishers
- Made from durable Cordura® material – resistant to the elements and tears
- Side cargo pocket with Velcro® closure for storing wedges or other hand tools
- Hose strap with Velcro® closure big enough for most CO2 extinguishers
- 42" adjustable shoulder strap allows freedom of movement with both hands for other fireground operations
- Promotes responder safety by providing an easier means for carrying protection on investigations, wildland fires, car accidents and nuisance fires
- Fits neatly inside extinguisher brackets, equipment compartments and wall cabinets
- 8" plastic base to prevent scuffing and increase sturdiness
- Made in the USA – patent pending
- Never lose tools to a neighboring town again
- Colors: Black or Tan with Reflective Trim in Lime or Orange

Side Cargo Pocket

8" Plastic Base

Available Exclusively through
