Manufacturer and Master Distributor to Dealers Worldwide

Flared Long Hoods

More protection where you need it most!

- sides of the neck stay covered and protected from falling cinders and heat
 - face mask fits easily under hood with no gapping or pulling

Full Flare Design prevents pull-out around neck:

on the sides...

... and across the back

in the front,

Generous elastic opening for comfortable fit around face piece - will not stretch out of shape

Extra width keeps hood in place under suspenders

hood shown: # Hd-NmxBI-FL

FireCraft® Flared Long hoods are available in the following fabrics:

- Carbon [# Hd-C6-FL]
- 100% Nomex [# Hd-Nmx100-FL]
- Nomex Blend [# Hd-NmxBI-FL]
- PBI [# Hd-PBI-FL]
- P84 [# Hd-P84-FL]
