

Hansen Fire & Safety

Manufacturer and Master Distributor to Dealers Worldwide

featuring:

Flared Hoods ~ more protection where you need it most!

- sides of the neck stay covered and protected from falling cinders & heat
- face mask fits easily under hood with no gapping or pulling

Generous elastic opening for comfortable fit around face piece - will not stretch out of shape

Extra width keeps hood in place under suspenders

Full flare design prevents pull-out around neck

hood shown: # Hd-NmxBI-FL

All FireCraft® hoods are available in 3 lengths. . .
